

AKEBONO: SORTING REMINDER AND RECOMMENDATIONS

For players who own IKI and its Akebono expansion, this printable file (A4 format) can be used as:

- A sorting reminder when having to sort out the element of the base game and the expansion.
- A recommendation about Akebono components that can be used with the base game only.

Buildings from the Akebono expansion that can be played with IKI without the Akebono expansion:

Buildings from the Akebono expansion that cannot be played with IKI without the Akebono expansion:

To ease sorting out the components, do not forget to remove these Pipe, Tobacco and Fish tokens from the Akebono expansion:

Spring:

Summer:

Autumn:

Winter:

Starting Character (Wood Seller):

we do not recommend to play this Character when playing IKI without the Akebono expansion.

Grand Master variant for 2 players:

we recommend this variant when playing IKI without the Akebono expansion.
